2															
3															
4															
5															

Priority #2:

Goals:

Actions													Date		
1															
2															
3															
4															
5															

1. Live with humility and let go of your pride
2. Maintain a “bone-deep” commitment – never give up! Do the “right” thing no matter how difficult it may seem
3. Don’t try to change your spouse – always look at yourself first
4. Ask for forgiveness and forgive when needed
5. Use the words “I love you” often

It is all about your attitude and not your aptitude

We agree to be fully committed to follow the plan we have agreed to and make every effort to be on the path to having *“The Significant Marriage”* God intends us to have.
